

Tasplan & ClickSuper ease the burden

Processing employee superannuation contributions and other employee deductions can be a major burden. It's time-consuming, painstaking work and then there's the responsibility that goes with it – making sure you pay the right amount to the right accounts at the right time; complying with your legislative obligations and ensuring you have the cash flow to fund it all.

ClickSuper delivers an excellent solution for small to medium sized businesses as it substantially eases the burden of managing super obligations. ClickSuper streamlines the whole process for you. It's easy to use, minimises errors and makes handling queries a breeze.

ClickSuper – the cost-effective solution

ClickSuper is an e-commerce solution that validates and pre-reconciles data. Contributions are allocated to the right account quickly and efficiently, and without the need for costly manual reconciliations or cheque payments. Your costs are significantly reduced, you enjoy a streamlined user-friendly payment solution, and your employees' funds are invested quickly and efficiently.

By using ClickSuper you'll be joining a fast-growing number of Australian organisations – large and small who are already using ClickSuper to streamline all super contributions and other employee deductions.

For more information visit www.clicksuper.com.au

“It's just so much simpler to make payments now and it has meant a huge saving for me in terms of paperwork and time.”

– Daniel Lashwood

TASPLAN
Your Choice for Super

One click and it's done.

No cheques, no manual processing. Just fast, efficient contribution and deduction payments using one solution.

ClickSuper is very user-friendly. Employers simply log onto ClickSuper, enter or upload employee details, select their super funds from a pre-validated list and schedule payment.

Outstanding value

ClickSuper is compatible with your existing systems and processes, and for as little as \$2.50 per payment cycle, ClickSuper can streamline all your contributions and deduction payments.
